DETAILED ACTION

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.
2. The information disclosure statement (IDS) submitted on January 6, 2005 is in compliance with the provisions of 37 CFR 1.97. An initiated copy of the IDS is accompanied with this Office Action.
3. Claims 1-20 are allowed.
4. The following is an examiner's statement of reasons for allowance: the primary reason for allowance of the claimed invention is the inclusion, among other things, of the first and second bias controllers (130/140 of Fig. 3 and 230/240 of Fig. 4), wherein the second controller adjusts the voltage of the DC signal received from the first bias controller through a source follower transistor (T2 in Fig. 3). The best-found prior art (see cited references on the USPTO-892 Form attached) does not disclose or fairly suggest an RF power amplifier having these features of the claimed invention.
Therefore, these claims are allowed.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Khai M. Nguyen whose telephone number is 571-272-1809. The examiner can normally be reached on 9:00 - 5:30 Monday-Friday.
